Present for said public meeting were Commissioners Alan Rasmussen, Ben Rutten, Larry Temme and Richard D. Martinsen, CPA.

Richard D. Martinsen, CPA, Schmeits, Mueller & Martinsen, P.C., provided the County Board with the 2019 Boone County Tax Rate Levy information for the 2019-2020 fiscal year. The 2019 county valuation for the 2019-2020 fiscal year is \$2,409,978,807.00 with a levy of 0.176883. Martinsen provided a list of levies for the following entities: cities, villages, fire districts, schools, education service units, community colleges, natural resource districts, agricultural society and historical society.

Richard D. Martinsen, CPA, informed the Board that the MFO funding has been beneficial for the fire districts. The common levy for the fire districts is .020000, which is a separate levy from any bond fund. The fire districts insurance expenses are reduced when their fire district equipment is in better/newer condition. A sinking fund is a set aside fund for future purchases of equipment, etc.

The County of Boone, Nebraska 2019 valuation increased, the adopted 2019-2020 County Budget has a tax request expense increase and a levy increase. The proposed property tax increase request is primarily in the County Road Fund. A five million dollar (3700) Highway Allocation Bond Repay Fund is being set up with funds for road/bridge infrastructure repair due to the adverse weather conditions since March of 2019. A five million dollar bond would yield approximately 4.8 million dollars in funding to the County that can be repaid over seven years with an early payout option when/if FEMA funds are received. The County pays the total cost of all the infrastructure repairs from storm damages and are not to expect any reimbursement for five to eight years from FEMA. A portion of the Road Fund Highway Allocation revenue that is received each year will be designated to pay that said fiscal year bond/interest payments. In addition to said bonds, two million dollars of the County Inheritance Tax Fund has been designated for aggregate/gravel materials and asphalt/concrete road repairs.
